

# Super Scientists Bingo

Choose 25 scientists to fill in your bingo card! Do not include a free space!

- |                     |                  |                |
|---------------------|------------------|----------------|
| Archaeologist       | Geophysicist     | Oceanographer  |
| Astronomer          | Hematologist     | Ornithologist  |
| Audiologist         | Herpetologist    | Paleontologist |
| Biologist           | Hydrologist      | Parasitologist |
| Biomedical engineer | Ichthyologist    | Physicist      |
| Botanist            | Lepidopterist    | Seismologist   |
| Cell biologist      | Mammalogist      | Taxonomist     |
| Chemist             | Marine biologist | Virologist     |
| Ecologist           | Meteorologist    | Volcanologist  |
| Entomologist        | Microbiologist   | Zoologist      |
| Environmentalist    | Mineralogist     |                |
| Geologist           | Mycologist       |                |

Studies outer space, the solar system,  
and the objects in it

Studies water and  
the water cycle

Studies rocks, minerals,  
and earth's land forms

Studies motion, forces, and energy to  
explain the way things work

Studies the life forms  
found in the ocean

Studies processes that  
change and shape the Earth

Studies the interaction between life  
forms in an environment

Designs and builds  
body parts and devices

Studies elements, atoms, and molecules

Studies classification

Studies plant life

Studies dinosaurs and fossils

Studies earthquakes

Studies the remains of human life

Studies the structure of cells to learn  
how they function and interact with  
chemical and physical factors

Studies butterflies and moths

Studies parasites

Studies fish

Studies animal life

Studies insects

Studies fungi

Studies mammals

Studies blood and its diseases

Studies birds

Studies all forms of life

Studies volcanoes

Studies minerals

Studies viruses

Studies microscopic organisms

Studies reptiles and amphibians

Studies sound and its properties

Studies the atmosphere and weather

Studies the environment

Studies the ocean
